INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1953 edition of the Kannapolis City Directory, which also includes China Grove and Landis.

Confidence in the growth of Kannapolis' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Kannapolis to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Kannapolis Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Kannapolis and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Kannapolis and vicinity. The advertisements, are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Kannapolis, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear

at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Kannapolis and vicinity. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with the assurance that it will bring a commensurate return.

General Review

Astride the Cabarrus-Rowan county line, Kannapolis is thirty miles north of Charlotte. U. S. Highway 29 runs a few blocks east of the principal business district, while 29-A is the town's main street.

There are ample transportation facilities. The New York-New Orleans line of the Southern Railway and Carolina Coach-National Trailways buses serve Kannapolis.

The Post Office Department estimates the present population to be 35,000, while the 1950 U. S. Census figure was 28,443.

Kannapolis' 340 retail firms did \$28,000,000 worth of business in 1948. Effective purchasing power of Cabarrus County that year was \$862 per capita, which compared favorably with state and national averages.

The people here are church-goers. They make up more than 50 congregations.

And they have a keen civic spirit, working through such organizations as the Masons, Odd Fellows, Woodmen of the World, Red Men, Patriotic Order Sons of America, Junior Order United American Mechanics, Business Men's Club, Junior Chamber of Commerce, Rotary Club, Lions International, Pilot Club, Credit Women's Breakfast Club, American Legion and Veterans of Foreign Wars and their auxiliaries, War Dads, War Mothers, Boy Scouts, Girl Scouts, Independent Student Aid Association, Red Cross and dozens of fellowship clubs for all ages.

Main Street, where the first store in Kannapolis was constructed, includes some of the finest shops in the state.

Center of social and religious life in Kannapolis is the handsome and spacious Cannon Memorial Y. M. C. A.

This large neon sign overlooking the Cannon Mills lake portrays the famous trademark of Cannon products.

The heart of the community is the Cannon Memorial Y. M. C. A., which claims one of the largest memberships under one roof in the world-wide organization. At the end of the 1950 campaign, the rolls listed the names of 9,500 men, women, boys and girls.

It operates in a Colonial-style structure that cost \$500,000 in the years before World War II, when money went much farther than it goes today. Facilities include two large gymnasiums, three kitchens, a library that ranks with the finest in North Carolina, a spacious swimming pool, a health club, handball and volleyball courts, bowling alleys, billiard and tennis tables and numerous club and conference rooms.

Kannapolis' public schools bow to none in North Carolina. Enrollment is a record 5,364 boys and girls.

Looking south of West Ave., this scene depicts new Colonial-type buildings now being erected in the multi-million-dollar expansion program under way in Kannapolis.

The First Baptist Church, located in the heart of the "Towel City," is one of many churches serving residents of Kannapolis.

Cannon High is known widely for its diversified courses, offering: The prescribed academic studies, home economics, vocational courses, art, dramatics, music, debating, journalism, physical education and Bible.

The public school music program begins in the first grade and extends through Cannon High's senior class. The organizations stand out in high school competition, and in July, 1949, the Cannon High band represented North Carolina at the Lions International convention in New York City.

Kannapolis' key industry is the Cannon Mills Co., the world's largest manufacturer of household textiles—towels, bath mats, wash cloths, dish towels, sheets and pillowcases, also nylon stockings.

The town has been developed around the Cannon Mills.

Kannapolis, which derives its name from the Greek word meaning "loom city," was founded by the late James W. Cannon in 1905, when the great demand for Cannon towels prompted him to purchase a 600-acre tract of land in this section for the location of a new plant.

The village mushroomed.

Mr. Cannon, whose dream was a model textile city built around a booming industrial plant, contributed land and funds for construction of churches and schools.

He made, back in 1896, the first hand towel manufactured in the South, and by the time he died in 1921, Cannon towels had become nationally-famous.

After the founder's death, his son, Charles A. Cannon, became chief of the vast industry, and developed a textile trade far beyond his father's fondest hopes.

The Cannon organization now employs 21,000 men and women. Thousands of these workers have service records extending from 15 to more than 60 years. Those who have been with the company 25 years or longer are entertained at loyalty banquets each autumn.

Approximately 1,300 boys and girls of Kannapolis are enrolled at the J. W. Cannon High School, which includes complete vocational training.

Charles A. Cannon, like his father, had dreams of a model manufacturing town—a beautiful town to which North Carolinians could point with pride.

In 1937, the fiftieth anniversary of the company, he launched a gigantic, multi-million-dollar construction and remodeling program. This expansion, interrupted by World War II, is still in progress.

Mr. Cannon was impressed with the manner in which historic Williamsburg, Va., had been rebuilt, and he engaged the C. E. Swanson Associates, Chicago architects, to survey Kannapolis' business district and draw plans to be used in the long-range construction program.

A result has been a transformation of the downtown district into Colonial-type architecture.

Little Mt. Vernon in the City Park is a memorial to the more than 4,000 local men and women who served in the Armed Forces during World War II.

Mary Ella Hall, named in honor of the wife of the "Towel City" founder, is one of the buildings housing employees of Cannon Mills.

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a “must” for all business people. Remember the huge upswing in City Directory usage.

MORE PEOPLE *See* CITY DIRECTORY ADS!

CASHIERS! TELLERS!

— CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MR. CITIZEN!

**CORRECT INFORMATION
IS VALUABLE TO YOU!**

-----◆-----
Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

BUSY COMMUNITIES

... such as Kannapolis, Landis and China Grove call for more and more power. Keep on calling! We are continually increasing facilities to be ready when you call ... in busy towns and on the productive farms around them.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers' Guide in the City Directory because !!!

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . **EXTENDED**

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

-----◆-----

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory
is seen by buyers from coast-to-coast**

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

HILL'S KANNAPOLIS

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1953

Including China Grove and Landis

Copyright, 1953, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

CAUTION . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

THE CITY DIRECTORY IS THE NATURAL MEDIUM FOR KEEPING A BUSINESS OR PRODUCT NAME IN THE SPOTLIGHT. *INSIST ON BEING WELL REPRESENTED IN ITS PAGES.*

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

*Therefore your ad in the City Directory
is seen by buyers from coast-to-coast*
